ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 1(f) under the heading of "Report on Other Legal and Regulatory Requirements" of our Independent Auditors' Report of even date to the members of the Company on the financial statements for the year ended March 31, 2017.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Diamines and Chemicals Limited** ("the Company") as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditure of the company are being made only in accordance with authorisations

of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

NOTES FORMING PART OF FINANCIAL STATEMENTS

1. SIGNIFICANT ACCOUNTING POLICIES

1.1 BASIS OF PREPARATION:

These financial statements are prepared in accordance with the generally accepted accounting principles in India (Indian GAAP) under the historical cost convention as also on accrual basis. In the light of Rule 4A of the Companies (Accounts) Rules 2014, the items contained in these financial statements are in accordance with the definitions and other requirements specified in the Accounting Standards.

1.2 USE OF ESTIMATES:

The preparation of financial statements in conformity with the generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period, the reported amounts of assets and liabilities and the disclosures of contingent liabilities on the date of financial statements. Examples of such estimates include useful lives of Fixed Assets, provision for doubtful debts / advances, deferred tax, etc. Actual results could differ from those estimates. Such difference is recognised in the period/s in which the results are known / materialised.

1.3 FIXED ASSETS AND DEPRECIATION / AMORTISATION:

- i. An item of property, plant and equipment is recognised as an asset, referred to as Fixed Asset, if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Items such as spare parts, stand-by equipment and servicing equipment are recognised under property, plant and equipment, if those meet the definition thereof, else, such spare parts, etc. are classified as inventory.

Items of property, plant and equipment are measured at its cost. The cost comprises of - purchase price (net of CENVAT/ value added tax), including import duties and non-refundable taxes, after deducting trade discounts and rebates and any cost incurred which is directly attributable to bring the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

The Company has adopted the cost model as its accounting policy for all its property, plant and equipment and accordingly, its Fixed Assets are carried at its cost less any accumulated depreciation and any impairment loss.

Items of property, plant and equipment which are not yet ready to be capable of operating in the manner intended by management are carried at cost and are disclosed as "Capital Work-in-progress".

- ii. Depreciation on tangible fixed assets (other than Leasehold Land) is provided on "Straight Line Method" over the useful lives of assets as prescribed under Part C of Schedule II of the Companies Act, 2013.

Where the cost of a part of the asset which is significant to total cost of the asset and useful life of the part is different from the useful life of the remaining asset, the Company has determined the useful life of the significant part separately ("Component Accounting") and accordingly, provided depreciation on such parts.

Leasehold Land is amortised on "Straight Line Method" over its remaining lease period of 72 years commencing from the year 2002-03.

- iii. Depreciation for assets purchased / sold during the period is charged on pro-rata basis.

1.4 INVESTMENTS:

Investments, which are long-term, are stated at cost. A provision for diminution, if any, is made to recognise a decline, other than temporary, in the value of investments.

1.5 INVENTORIES:

Inventories are valued as under:

- i. Raw materials: At lower of cost and net realisable value on first-in-first out basis;
- ii. Finished Goods and Process Stock: At lower of cost and net realisable value on first-in-first out basis;

- ii. Monetary items which are denominated in foreign currency are translated at the exchange rates prevailing at the Balance Sheet date and profit/loss on translation thereon is credited/ charged to the Statement of Profit and Loss.

Non-monetary items denominated in foreign currency which are carried at:

Historical cost, are reported at the exchange rate prevalent at the date of transaction.

- iii. Exchange Differences arising on settlement or restatement of foreign currency denominated liabilities relating to the acquisition of fixed asset are recognised in the Statement of Profit and Loss.
- iv. In case of forward contracts which are entered into to hedge the foreign currency risk of existing assets and liabilities, the difference between the forward rate specified in the contract and the exchange rate at the inception of the contract (the premium or discount) is recognised as income or expense over the life of the contract. Exchange differences on such contracts are recognised in the Statement of Profit and Loss in the reporting period in which the exchange rate changes.

The Company has not entered into any forward exchange contract which is intended for trading or speculation purposes or to hedge the foreign currency risk for a firm commitment or a highly probable forecast transaction.

The Gratuity Plan provides a lump sum payment to vested employees, at retirement or termination of employment, an amount based on the respective employee's last drawn salary and the years of employment with the Company. Liability with regard to Gratuity Plan is accrued based on actuarial valuation at the Balance Sheet date carried out by an independent actuary. Actuarial gain or loss is recognised immediately in the statement of profit and loss as income or expense. The Company has an employee's gratuity fund managed by the Life Insurance Corporation of India ("LIC").

Compensated Absences - The Company provides for the encashment of absence or absence with pay based on policy of the Company in this regard. The employees are entitled to accumulate such absences subject to certain limits, for the future encashment or absence. The Company records an obligation for compensated absences in the period in which the employee renders the services that increases this entitlement. The Company measures the expected cost of compensated absences as the additional amount that the Company expects to pay as a result of the unused entitlement that has accumulated at the Balance Sheet date on the basis of an independent actuarial valuation.

1.9 BORROWING COSTS:

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. Other borrowing costs are recognised as an expense in the period in which they are incurred. Borrowing costs comprise of interest and other costs incurred in connection with the borrowing of funds.

1.10 SEGMENT REPORTING POLICIES:

- i. Primary Segments are identified based on the nature of products, the different risks and returns and the internal business reporting system. The identification of geographical segments is based on the geographical location of its customers.

The following specific accounting policies have been followed for segment reporting:

- iii. Deferred tax is recognised, subject to consideration of prudence, on timing differences between taxable and accounting income which originates in one period and are capable of reversal in one or more subsequent periods (adjusted for reversals expected during tax holiday period). The tax effect is calculated on accumulated timing differences at the year end based on tax rates and laws enacted or substantially enacted as of the balance sheet date.

In the event of unabsorbed depreciation and carry forward of losses, deferred tax assets are recognised only to the extent that there is virtual certainty that sufficient future taxable income will be available to realise such deferred tax assets. In other situations, deferred tax assets are recognised only to the extent that there is a reasonable certainty that sufficient future taxable income will be available to realise such deferred tax assets.

The Company offsets deferred tax assets and deferred tax liabilities if it has a legally enforceable right and these relate to taxes on income levied by the same governing taxation laws.

1.12 PROVISION, CONTINGENT LIABILITIES AND CONTINGENT ASSETS:

- i. The Company recognises a Provision when there is a present obligation as a result of past event, the settlement of which is probable to result in an outflow of resources and a reliable estimate can be made of the amount of obligation.
- ii. Contingent liabilities are not recognised but are disclosed in the notes.
- iii. Contingent Assets are neither recognised nor disclosed in the financial statements.

1.13 IMPAIRMENT OF ASSETS:

If internal / external indications suggest that an asset of the Company may be impaired, the recoverable amount of asset / cash generating unit is determined on the balance sheet date and if it is less than its carrying amount, the carrying amount of asset / cash generating unit is reduced to the said recoverable amount. Subsequently, if there is a change in the indication, since the last impairment was recognised, so that recoverable amount of an asset exceeds its carrying amount, an impairment recognised for an asset in prior accounting period is reversed. The recoverable amount is measured as the higher of the net selling price and value in use of such assets / cash generating unit, which is determined by the present value of the estimated future cash flows.

The Board of Directors of the Company at its meeting held on September 29, 2015 approved the Scheme of Arrangement under sections 391 to 394 of the Companies Act, 1956 for amalgamation of Diamines Speciality Chemicals Limited ('DSCL'), its wholly owned subsidiary, into the Company with effect from April 1, 2015, the appointed date ("the Scheme"). The Scheme was heard and approved by the Hon'ble High Court of Gujarat, vide its order dated September 16, 2016.
